SAFETY INSTRUCTIONS

1. Earbuds should be stored in a dry and ventilated environment to avoid contact with oil, steam, moisture, dust, etc., to avoid affecting product performance.
2. Avoid using irritating organic solvents or items containing these ingredients to clean earbuds.
3. Earbuds should be used correctly and in a standardized manner as required, and attention to the impact of the use environment as well. To ensure smooth connection, the distance between the phone and earbuds should be within 10meters.
4. If earbuds have other problems such as poor connection or communication, please do not disassemble the earbuds body and accessories without permission, otherwise the warranty will not be granted.
5. Please choose a standard car charger or a qualified charger designated by our company to charge the earbuds.
6. To ensure your normal use of earbuds, please ensure that the earbuds have sufficient power.
